

cloud run 

The diagram features a central green rounded rectangle labeled 'cloud run' with an external link icon. Two curved green lines branch out from its right side. The upper line connects to a larger green rounded rectangle containing a descriptive paragraph about Cloud Run. The lower line connects to a smaller green rounded rectangle labeled 'overview' with an external link icon. The background is white with a faint, light-gray dashed grid pattern.

Cloud Run is a managed compute platform that enables you to run containers that are invocable via requests or events
